xkcd: Millennials

xkcd, sometimes styled XKCD, is a webcomic created in 2005 by American author Randall Munroe. The comic's tagline describes it as "A webcomic of romance, sarcasm, math, and language". Munroe states on the comic's website that the name of the comic is not an initialism, but "just a word with no phonetic pronunciation".. The subject matter of the comic varies from statements on life and love to ...

The nerdy, clever and incredibly diverse / eclectic "XKCD - a webcomic of romance, sarcasm, math and language" (Link) is one of my favorite web-based comic strips. It's been around since 2005, and there are more than a thousand strips, so far. There's also a fun print edition. Here's the Amazon.de page (Link)!
