

## *Supers Powers Passion*

### **Supers Powers Passion**

Karl explains a Super Power is something people often come to you to do. It's something you excel at, in part because it's a talent but also because you enjoy doing it and do an amazing job at it. In his post *How to Discover Your Super Powers*, Karl suggests that Super Powers depend on three factors: Passion. Focus.

### **How to Discover Your Super Powers to Find Meaningful Work**

Super Powers depend on three factors: Passion > Courage > Strength It could be to take a small action each week, like share an uplifting comment on someone's blog to make a big difference. At the very least, you'll make a positive difference in the world doing something that makes you feel fulfilled.

Super speed seems like one of those "one trick pony" powers until you really begin to delve into the physics of its premise. Not only will you be able to literally do EVERYTHING faster, but if what we know of physics holds true - you'll be everything from a time traveler to creator of wormholes and a new time-space continuum.

Passionate Husband vs Passive Husband. Notice: The difference between a passionate husband and a passive husband has nothing to do with the man's looks, money, religion, or social standing. It strictly comes down to the man's ability — his ability to consistently inspire his wife's desire, passion, and respect.
